

TOWN OF THETFORD

USE OF TOWN GARAGE POLICY

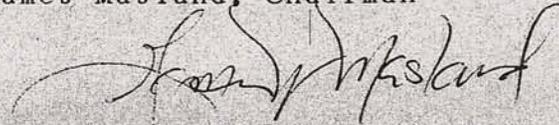

The Town Highway Garage, Town tools, and Town equipment may be used by Town Highway employees, after hours, under the following guidelines:

1. All repairs to personal vehicles at the Highway Garage shall be minor, minor defined as no overnight repairs. Highway equipment normally housed in the garage during non-work hours will not be displaced overnight by personal repairs.

2. Selectmen discourage the use of torches and welders during repairs, except in very limited situations. For safety reasons, two persons shall be present for all repairs involving torches, welders and/or jacks.

Adopted at a regular meeting of the Thetford Board of Selectmen on December 14, 1992, and in effect as of this date.

James Masland, Chairman
