

Building Performance Final Financial Incentive Summary

Donn Downey / 6012-Y116

Congratulations on completing your Building Performance building improvements. You are among a growing number of Vermonters who are investing in their buildings to reduce energy costs, improve year-round comfort and protect the environment. Thank you.

Due to the improvements completed and standard of work provided by your Building Performance contractor, you qualify for financial incentives in the amount listed below. To receive your incentive check, please sign this document and mail it to the address provided on the bottom. A description of the completed work and an itemized incentive list follow.

- A cash incentive of \$1,050.50
- Estimated Annual energy savings of \$456.36
- Air Sealing Reduction of 25.6 %

Health and Safety Improvements

Your contractor has inspected systems and tested conditions in your building to determine if there are any health or safety concerns. Results are provided below:

Health/Safety Improvements	Work Required	Cost
CO Detectors	Install 2 CO Detectors	\$100.00
Town Hall		\$0.00
CAZ Test for Propane Furnace - Town Hall - basement furnace 1		\$0.00
CAZ Depressurization Test	Passed CAZ Depressurization	\$0.00
Spillage/Draft/CO In Flue	Flue gas CO acceptable	\$0.00
CAZ Test for Propane Furnace - Town Hall - basement furnace 2		\$0.00
CAZ Depressurization Test	Passed CAZ Depressurization	\$0.00
Spillage/Draft/CO In Flue	Flue gas CO acceptable	\$0.00
CAZ Test for Town Hall-Propane Direct		\$0.00
CAZ Depressurization Test	Passed CAZ Depressurization	\$0.00
Spillage/Draft/CO In Flue	Flue gas CO acceptable	\$0.00
Oven CO Test	Oven CO Test Not Required. no oven	\$0.00
Whole Building		\$0.00
Ambient CO	Ambient CO level meets BPI standard	\$0.00
	TOTAL	\$100.00

Completed Energy Efficiency Building Improvements

Your contractor completed the energy efficiency improvements listed below. Some of these improvements may qualify for financial incentives from Efficiency Vermont:

Energy Efficiency Improvement	Description	Improvement Cost	Estimated Annual Savings	Estimated Heating Annual MMBTU Savings	Estimated Heating Annual kWh Savings	Estimated Cooling Annual kWh Savings	Estimated Annual CO ₂ e (lbs) Savings
Air Sealing	Existing CFM50: 5912; Improved CFM50: 4400 Air Seal: Attic penetrations (wires, pipes, top plates, pocket doors, etc.), Attic access hatch/pull down stairs, Recessed Light/Bath Fan fixtures, Drop ceilings/soffits, Band Joist between floors, Basement/Crawlspace penetrations	\$4,864.00	\$410.90	11.5	57.6	10.7	1605.5
Basement/Crawl Rim Joist Insulation	Install 76 ft ² of Closed cell spray foam insulation to upgrade R-8.0 to R-20.0. Notes: basement	\$608.00	\$26.72	0.7	3.8	0.0	104.0
Basement/Crawl Rim Joist Insulation	Install 25 ft ² of Cellulose, dense pack insulation to upgrade R-5.0 to R-25.0. Notes: basement end joist	\$100.00	\$18.75	0.5	2.6	0.0	73.0
	TOTAL Estimated % Heating Energy Savings: 10.48 %	\$5,572.00	\$456.36	13	64	11	1783

Other Completed Building Improvements, non-energy related

Description	Cost
-------------	------

patch and seal crawl space vapor barrier \$2,338.00

Work Scope Total

Work Scope Total \$8,010.00

Final Incentive Summary:

Incentive	Amount
Minimum Requirement	\$750.00
Heat Distribution Improvement	\$0.00
Air Leakage Reduction: 25.60 %	\$250.00
Insulation Upgrade - Attic	\$0.00
Insulation - All Other Locations: 101 ft2	\$50.50
Heat System Replacement	\$0.00
Comprehensive Retrofit Bonus Package	\$0.00
TOTAL (\$5000 cap)	\$1,050.50

Incomplete forms may delay or disqualify your incentive. All incentive requests must be postmarked no later than Monday, January 05, 2015. Please allow 6 weeks for payment.

This incentive offer is available to customers of select Vermont utilities and may be subject to change without notice. Efficiency Vermont reserves the right to conduct field inspections to verify installations.

In accepting these financial incentives, the customer agrees that Efficiency Vermont holds the sole rights to any electric system capacity credits and/or environmental credits associated with the energy efficiency measures for which incentives have been received. These credits will be used for the benefit of VT ratepayers. Limitation of Liability: Efficiency Vermont does not warranty the performance of installed equipment expressly or implicitly.

SAFETY AND BUILDING CODES. You and your contractor are responsible for ensuring that building improvements are installed, operated and maintained in compliance with all applicable laws, codes, regulations, rules, standards, and manufacturer's instructions. Building improvements for which incentives are paid must comply with Building Performance Institute Technical Standards and other Building Performance specifications. Incentives will not be paid for any work that disturbs vermiculite insulation. Renovation to any building built before 1978 must be performed by a contractor certified in lead safe practices as required by U.S. Environmental Protection Agency regulations. Any exposed foam plastic interior wall covering must be installed in compliance with the 2006 International Building Code Sections 2603.4 and 2603.3.

VERIFICATION BY Efficiency Vermont. Efficiency Vermont conducts site visits for a percentage of buildings where incentives were paid to verify that the work performed is consistent with the work scope provided by the Building Performance contractor. Efficiency Vermont verification site visits do not encompass and shall not identify violations of any other law, code, or regulation, including but not limited to local building codes. You and your contractors are responsible for ensuring that all building improvements comply with all applicable local building codes in consultation with a local building inspector charged with certifying such compliance.

DISCLAIMER OF WARRANTIES. Efficiency Vermont does not warranty the performance of installed equipment either expressly or implicitly for fitness for a particular purpose, or for any specific level of energy savings or that the equipment or its installation complies with any specifications, laws, regulations, codes or standards.

Contractor Sign Off

I, the contractor, attest that all of the energy efficiency improvements listed as completed on this Final Incentive Form were installed as part of this Building Performance project and completed in accordance with the Building Performance participation agreement. I certify that combustion safety testing and CO testing were performed according to Building Performance Institute (BPI) protocols, both prior to installation of energy efficiency improvements and upon completion of those improvements. I further certify that the combustion equipment establishes adequate draft under the prescribed conditions, and that all applicable appliances in the building meet BPI standards for carbon monoxide levels and mechanical ventilation.

Verified by: Brent Mellen, Building Energy (White River Junction Office) Date: 8/12/2014

The below section must be filled out in order to receive your incentive:

I certify that I have read, understood, and abided by the terms described on this form. I understand that Efficiency Vermont incentives will be provided only if I follow these terms and if the recommended building improvement work described has been completed.

I certify that I am an authorized representative of the home listed on this form, and I authorize Efficiency Vermont, the Vermont Department of Public Service (DPS), and their designated representatives, to access and utilize any and all energy consumption information and data for the home listed on this form. I understand that this information will be used to evaluate energy use patterns for the purpose of measuring energy performance and determining the potential and actual energy savings resulting from energy efficiency projects for which I received technical and financial assistance. I also understand that my anonymized energy consumption data may be used in program design and development.

Required: Please list all fuel dealers used for the past three (3) years. Add additional fuel dealers on reverse if needed.

Fuel Type: _____ Fuel Type: _____ Fuel Type: _____
 Fuel Dealer: _____ Fuel Dealer: _____ Fuel Dealer: _____
 Years Used: _____ Years Used: _____ Years Used: _____

Efficiency Vermont Project Number: 6012-Y116

Required: Please address and mail check to:

Name on Check: _____
 Mailing address: _____

If the check designee is different than the property owner, I the customer am relinquishing my incentive dollars to the name or entity requested above.

I would like to forgo my incentive in order to help support energy efficiency work for more Vermont homes.

Required: Customer Signature: _____ Date: _____

Required: Federal Tax Payer Identification Number (TIN)

Social Security Number - - or Employer Identification Number
