

Draft Meeting Notes Thetford Memorial Park Group 26May2015

Present: Ehrhard Frost, Marty Bouchard, Jennifer Davey, Libby Chapin, Dale Gephart, Jessica Eaton, and Jen Boeri-Boyce.

Ehrhard had put together a list of suggested trees and shrubs. We all discussed placement, mature size, distance off the traveled way, plant groupings and they way that could affect growth. We drove some stakes in the site for visualization.

Libby had researched salt resistance of different varieties.

Discussion of placing the plaque at the wider end to accommodate shorter shrubs under the power lines and a slower pace for traffic & place for parking to view the plaque or sit on the bench.

Marty will check into how much a family group might like to donate per tree. Libby will check into how large certain species might grow. Jen Davey will check prices of various species.

Consensus is that if donors are ready we will plant trees this fall.

Next meeting Tuesday June 30th 5pm at the site.

Respectfully,

Jessica Eaton
